Welcome to the Megaplex Online Panel submission form. Please see the below form to submit your panel idea. Please note that due to the number of panel submissions we receive we can no longer do first-come-first-serve. We will be looking at things like uniqueness of idea, flexible schedule, history with the convention (if you have run programming previously with us) as we approve panels. If 2 people submit the same panel we will try to work with both parties but in most cases is will be up to the first submitter to determine if they would like to team up or give the panel to the second submitter. Panel approvals will not go out until panel submissions have closed.
